the professional writing guide is for people who wish to improve the quality of their documents and the efficiency of their writing busy executives and other writers in organisations who may spend between 30 and 80 per cent of their working time writing will find it invaluable because it clearly outlines the principles that underlie effective documents this book will enable executives to write confidently competently and persuasively high quality output is crucial to a

company's image and to a professional's own career advancement errors in a document can prove expensive the professional writing guide is an indispensable and accessible reference tool as well as a comprehensive style manual for writers who wish to avoid those expensive mistakes and make a positive impression written by two long term professional writing educators with extensive experience of consulting to Australian business and industry this lively and highly practical book features workable reliable and powerful strategies that can be used to systematically eliminate the writing problems of organisational writers

veteran fiction writer A. B. Guthrie Jr. offers practical advice for the would-be fiction writer

On Writing Well has been praised for its sound advice, its clarity and its warmth of style. It is a book for anybody who wants to learn how to write whether about people or places, science and technology, business, sports, the arts or about yourself. Its principles and insights have made it a cherished resource for several generations of writers and students. The text warns against common errors in structure, style and diction and explains the fundamentals of conducting interviews and writing travel, scientific, sports, critical and humorous articles. Back cover

Adapted from the best selling *St. Martin's Guide to Writing*, Axelrod and Cooper's concise guide to writing provides streamlined versions of the chapters covering six of the most commonly assigned genres in the first year writing course. Remembering events, writing profiles, explaining concepts, arguing a position, proposing a solution and justifying an evaluation. The careful integration of well-chosen readings with guided writing instruction in these chapters is complemented by coverage of strategies for reading, writing and research. In brief, but complete chapters at the end of the book read the preface.

This best selling text is a succinct guide to thinking critically and writing precisely about film. Both an introduction to film study and a practical writing guide, this brief text introduces students to major film theories as well as film terminology, enabling them to write more thoughtfully and critically with numerous student and professional examples. This engaging and practical guide progresses from taking notes and writing first drafts to creating polished essays and comprehensive research projects. Moving from movie reviews to theoretical and critical essays, the text demonstrates how an analysis of a film can become more subtle and rigorous as part of a compositional process. Concise explorations of the most important approaches to film analysis and writing about film, including auteurs, genres, ideology, kinds of formalism and national cinemas, give students a quick course in the fundamentals for film theory. A range of film terms and topics including *mise en scène*, point of view, composition, realism and so on are introduced so students understand and use correct terminology. Each chapter concludes with short writing exercises that help students view, evaluate and write

about film more critically guidance on working with electronic sources helps students understand the limitations and pitfalls of electronic research a comprehensive glossary allows students to accurately describe their observations of the details of film practice a wealth of images features captions with pedagogical directions the publisher

teaches the elements of good writing through the use of essential guidelines literary techniques and proper writing mechanics

writers rule you rule when you have control over your writing to gain control is to develop skill in ways to craft your writing to clarify your meaning one way to develop that skill is to use dr jac s guide this book is not simply a handy helpmeet to get you started on a writing journey it is a manageable manual for you to use to hone polish and deepen what you have already written carroll discusses voice and coherence presenting her chains as glue vocabulary chains sustained thought chains metaphoric chains you also will find all kinds of workable strategies depth charging thought bubbles framing tampering with time when did you last explore exemplum in relation to your writing have you worked up alternate leads sure you try for imagery but have you considered euphony and cacophony dr jac s guide is just that a guide it leads and ushers while it helps you hold the reins of your writing it also advises counsels instructs and recommends further it points out directs signals and proposes it is both exemplar by offering models and facilitator by offering tips it is concise but not confusing thoughtful but not ponderous practical but not pedestrian when you sit with your writing it will sit beside you
